

Bass F is always
between the 2 dots
of the **Bass Clef**

Bass F is always lower (to the left) of **Middle C**. To find it, look for the 3 **black keys** to the left of **Middle C** and it's the **white key** to the left (at the bottom).

To check, use your musical alphabet: "**F, G, A, B, C**" (remember, the music alphabet repeats from A to G, and after G it goes back to A).
